Mr. Edward Yamada
Environmental Protection and
Health Services Division
Department of Health
P.O. Box 3378
Honolulu, Hawaii 96801

Dear Mr. Yamada:

National Pollutant Discharge Elimination System and
Zone of Mixing Permit Applications
Wailua Sewage Treatment Plant
Wailua, Kauai

We have reviewed the above noted applications for renewal of the Wailua STP NPDES and ZOM Permits. Information presented in the applications indicates that the proposed discharge does not differ substantively from levels specified in previous documentation for this facility. Consequently, we foresee no adverse environmental impacts attendant on approval of these applications. Should there be any changes in the quality or the quantity of the discharge, a review of the possible effects of such changes would be in order.

Thank you for the opportunity to comment on this matter.

Sincerely,

John T. Harrison, Ph.D.
Environmental Coordinator
